MAY SOON SETTLE OMAHA STRIKE---GAS EXPLOSION AT STOCKTON, CALIFORNIA

GOVERNOR MICKEY OF MISSOURI
HAS A PLAN.

Will Meet with Representatives of
Strikers and Business Men Monday
Evening—Promise to Keep Peace.

Omaha May 8.—A plan for the settle-
ment of the strike, which now in-
volves over 3,000 teamsters, restaurant
workers, freight handlers and
members of the building trades, was
reached late this afternoon, in which
Governor Mickey will be a prominent
figure.

The plan was reached after Governor
Mickey had conferences with repre-
sentatives of each side.

It provides for the appointment of a
committee of seven men to represent
the Business Men's association and
labor unions, who will sit with Governor
Mickey as chairman.

The committee will meet at Omaha
Monday evening to try to reach a
basis of settlement. In the meantime
the labor leaders have given a pledge
to do everything in their power to pre-
serve the peace and to prevent violence.

The situation here will remain in
charge of the chief of police and
sheriff.

POSTOFFICE SCANDAL.

Republicans Becoming Alarmed Be-
cause of Fraud Exposure.

Washington, May 8.—Postmaster
General Payne decided today to call
on S. W. Tulloch, former cashier in
the Washington postoffice, for the pa-
pers and documents which, he says,
will prove his charges of smothered
investigation.

In addition to this, Mr. Payne said
that Fourth Assistant Postmaster
General Bristow had assured him that
the investigation was going on thor-
oughly and speedily, and that a final
report would be ready by June 1. This
is a response to the statements and
firm belief of high official quarters
that the postoffice scandal is rapidly
assuming a political aspect of great im-
portance, and should be cleared up at
once.

In this connection, Mr. Payne today
had an hour's conference with Senator
Lodge and former Representative
Lund of California, who for years was
chairman of the house committee on
postoffices. The political phase of the
scandal was discussed.

Only one reply has been received to
the letter sent out by Mr. Payne con-
cerning the Tulloch charges, and this
is from former Postmaster General
Smith. Its contents were not dis-
closed.

It is known that the greatest possi-
ble expedition in reaching a final con-
clusion to clear the department of
fraud is desired by prominent leaders
in the party, and it is said that this
was one of the topics of discussion at
today's conference with Senator Lodge
and Mr. Lund.

In speaking of the scandal today,
and the popular interest in the out-
come, Mr. Lund said:

"This was something that had to
come. The postoffice department for
years has been becoming more and
more lawless and extravagant. These
irregularities, which are now charged
and form the basis of the present in-
vestigation, should not surprise the
public so much. In many cases, it
seems to me, there has been criminal
extravagance in spending the appropria-
tions, and I am not surprised at the
necessity for this inquiry. The
good of the service demanded it. Mr.
Bristow is entirely competent to carry
on this investigation, and can be trust-
ed to go honestly to the bottom."

SANKEY MAY NOT SEE AGAIN.

Physicians Have Little Hope for the
Singing Evangelist.

New York, May 8.—Little hope is
held out by his physicians that Ira
D. Sankey, the singing evangelist, who
was associated for many years with
the late Dwight Moody, will ever re-
cover his sight. Some weeks ago an
operation was performed on Mr. San-
key and afterward he improved in
health. For a time it was thought he
would recover his sight. It is prob-
able, however, that he will never see
again.

The improvement in his general
health did not extend to his vision.
He is still under treatment in order to
prevent a return of the painful mal-
ady, which might endanger his general
health. Mr. Sankey refuses to be
seen and his son, Allen, will not an-
swer inquiries about his condition.

TWENTY-FIVE PERSONS ON THE
STREET ARE INJURED.

Gas in Rear of Shoe Store Supposed
to Have Caused Accident—Jack
Salara Is Probably Fatally Injured.

Stockton, Calif., May 8.—Twenty-
five persons were severely injured,
Jack Salara probably fatally, and three
business houses burned by an explo-
sion, which was followed by a fire, this
evening.

The explosion occurred in the rear
of Gerlach & Morath's shoe store, on
Main street, when the street was
crowded with people.

The glass front was blown out and
many persons were hurt by a wall of
the Western Union building, which
was blown in. Operators and messen-
ger boys were more or less hurt.

The cause of the explosion is be-
lieved to have been gas in the rear of
the shoe store.

COLORADO EARTHQUAKE.

Grand Junction, Colo., May 8.—A dis-
tinct earthquake shock was felt at
Grand Junction between 12:30 and 1:30
o'clock this morning. It lasted sev-
eral seconds, and was strong enough
to rock articles on shelves. It seemed
to travel from the northwest
to the southeast. This is the first
seismic disturbance on the western
slope in many years.

WILL ARBITRATE.

Chicago, May 8.—The Laundry Own-
ers' association today reversed their
decision not to treat with their strik-
ing employees, and appointed a com-
mittee with full powers, to meet a
committee from the workers, to ar-
range for arbitration. Their action
was in part brought about by dissen-
sions within the owners' association.

ALDERMAN IS INDICTED

COLORADO SPRINGS CITY FATH-
ER GOT CONTRACTS.

Charged That His Plumbing Firm Got
Five Contracts from City—He Says
the Council Gave Them to Him.

Colorado Springs, Colo., May 8.—Al-
derman J. C. St. John, president of the
city council of Colorado Springs, was
today indicted on five counts, charged
with being unlawfully interested in
public contracts.

It is charged that five contracts were
secured by St. John from the city in
1902.

St. John is a member of the firm of
St. John & Barnes, plumbers.

He says he has nothing to be
ashamed of, as all the contracts were
awarded by the city council.

THE M'ILLAN CASE.

Impeachment of Carlsbad Judge by
Department of Justice Likely.

El Paso May 8.—Hon. A. A. Free-
man, of Carlsbad, New Mexico, arrived
in town this morning over the Rock
Island, and is stopping at the Zeiger
hotel. Judge Freeman is a very
prominent member of the New Mexico
bar, and is ex-associate justice of the
supreme court of that territory.

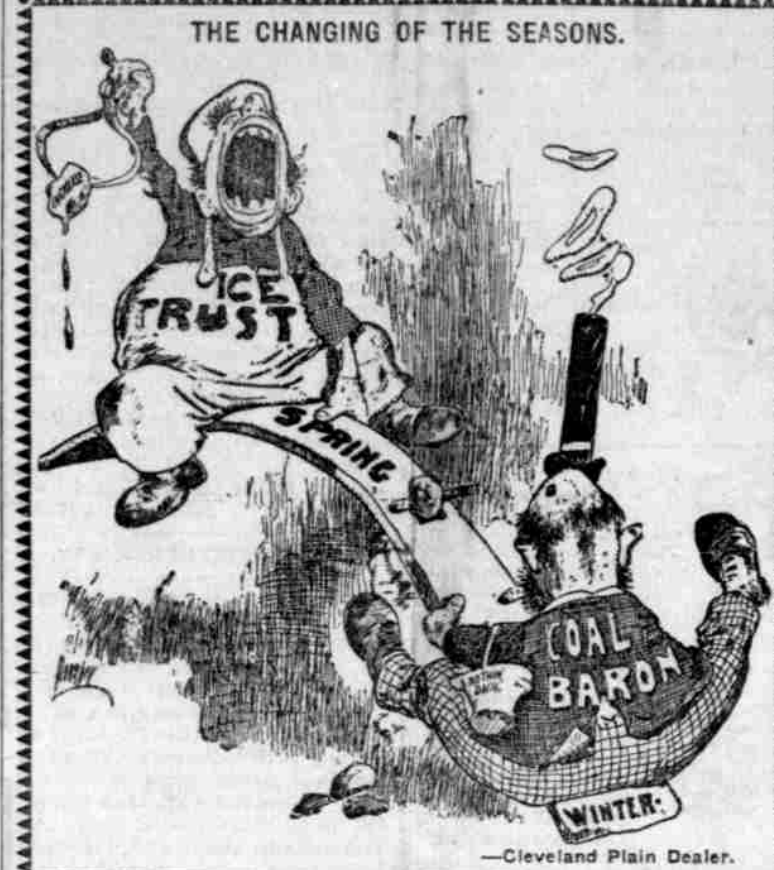

He is just from Washington, D. C.,
where he has been for two months
past attending to the presentation of
the charges of ill conduct preferred
about a year ago against Judge Daniel
H. McMillan, justice of the fifth judi-
cial district of New Mexico, with head-
quarters at Socorro.

Judge McMillan has put up a hard
fight to refute the allegations made
against him, but seemingly to no ef-
fect, as, according to all reports from
Washington, the fiat has practically
gone forth decapitating him, though
the formal decision in the case has not
yet been made by the department of
justice.

The fight against Judge McMillan
originated in the charges made in
open court at Socorro about a year ago
by an attorney who now resides in El
Paso, Eligio Baca. Nothing was done
in the premises until the people of
Carlsbad held a mass meeting and de-
manded that the charges be investi-
gated. As enough was known locally
there to give color of truth to them.

The department of justice then sent
a secret inquiry officer down to Lin-
coln and the Pecos valley, and as a
result of his report, Judge McMillan
was summoned to answer the charges
at Washington.

Judge Freeman represented the
Carlsbad and Pecos valley people at
the inquiry, and it is from this errand
that he is now in the city, en route

SHOULD WALK HORSES

The pace at which vehicles are now
driven through the main streets of
Bisbee has for some time been a mat-
ter that receives serious discussion.
It is the general impression that some-
thing should be done to protect life
and limb.

On all sides there is censure of the
careless manner in which backs are
driven during the day and night
around the principal corners between
the floodgate in Tombstone canyon
and the postoffice in Brewery gulch.

Though there is a sign on the corner
of the company store, bearing this in-
scription, "Walk your horses here,"
the hack drivers as well as others
seem to regard it without any serious
thought. They drive around this par-
ticular corner faster than any other
in the city.

There is a law against fast
driving, but as far as known none of
the hack drivers have ever been ar-
rested and fined for the offense. If
they have not been breaking the law,
it is because they must go faster than
a mile in about three minutes.

On dark nights there is constant
danger at the Bank of Bisbee corner,
as well as the corner at the lower en-
trance to Brewery gulch. People for
the most part do not use the sidewalk
at these two points, and several times
have had to make jumps for their
lives.

Should the driver of the hack hap-
pen to notice a human being in his

home.
Judge Freeman called upon Judge
Leigh Clark and John Franklin this
morning. In speaking about the case
of Judge McMillan, Judge Freeman
said: "My assurance when I left
Washington were that the investiga-
tion would be taken up again as soon
as President Roosevelt returned from
his tour. Judge McMillan will be al-
lowed to present some additional af-
firmations."

CHRISTIAN SCIENCE.

Pennsylvania Supreme Court Denies
Charter to Order.

Philadelphia, Pa., May 8.—The
Pennsylvania Supreme court has
affirmed the ruling of the late Judge
Arnold, in which the latter refused to
charter a Christian Science associa-
tion.

The proposed association was "to
establish a place for support of public
worship and to preach the doctrines of
Christ Jesus as found in the Bible and
Christian Science text-books, 'Science
and Health, Key to the Scriptures,' by
Mary Baker Eddy."

Judge Arnold refused the applica-
tion for a charter on the ground that
"it would be injurious to the com-
munity to incorporate a group of persons
who would preach a doctrine that
there is no such thing as a contagious
disease, or any disease, and practice
the art of curing what are called 'con-
tagious diseases' by inaudible prayers."

The master opinion was endorsed by
Judge Arnold, who filed an opinion
refusing the charter on the ground that
the purpose of association as dis-
closed was improper and in violation
of the laws intended to prevent the
practice of medicine by nonqualified
persons. The supreme court today
upheld this view and quashed the ap-
plication.

There is still hope for the old bach-
elor who can interest himself in a
love story.

HAY WANTS APPROVAL OF PRESIDENT---FRESH SCANDAL IN POSTOFFICE DEPARTMENT

HE WANTS TO PROTEST AGAINST
ACTION OF RUSSIA.

In Los Angeles the President Denies
Any Knowledge of Communication
from Secretary of State at Capital.

Los Angeles, Calif., May 8.—The at-
tention of President Roosevelt was to-
day called to a dispatch from Wash-
ington, stating that Secretary Hay, in
a communication to him, regarding the
increase of the Russian garrison at
Chwang, Manchuria, wanted advice.

It was further asserted that the sec-
retary of state was only awaiting the
President's approval of his course to
take vigorous action, even to the ex-
tent of a joint protest by Japan, Eng-
land and the United States.

President Roosevelt said he had re-
ceived no communication from Secre-
tary Hay regarding the affair. He had
not been asked to approve of the
course indicated, and in fact, had never
heard of the matter before.

CANADIANS FOR UNCLE SAM.

Two Young Soldiers Discard British
Uniform for American.

Syracuse, N. Y., May 8.—Two young
Canadian soldiers have discarded the
British uniform to wear the blue of the
United States army. Their names
are McIntyre and Rose and both have
seen long service in the British army.
One of them wears the Victoria cross
won in the Boer war. They came
from Kingston, Ontario, where they
had been stationed with company B,
Kingston battery. At the clothing
store where the change of costume
took place the soldiers took off their
caps, saluted, kissed the caps and
said solemnly: "Goodbye, old cap,
forever."

NEWS STORY WAS FAKE

GENERAL BALDWIN DID NOT CRIT-
ICISE FILIPINOS AND NEGROES.

Colonel Mills Investigated Denver In-
terview and Found That It Was
Groundless—Denver Paper Methods.

Washington, May 8.—The war de-
partment today made public the re-
port of Colonel Mills, of an interview
with General Baldwin at Denver, to-
gether with the endorsement of Secre-
tary Root.

The findings have been made public
already.

The report deals with the methods
of the different newspapers of Denver,
and pronounces the interview, in which
General Baldwin is alleged to have
criticized the Filipinos and negroes, as
a "fake."

NOTICE TO DEMOCRATS.
Members of the democratic city
central committee are notified to meet
in Justice McDonald's office Monday,
May 11, 1903, at 7:30 o'clock, for the
purpose of arranging for the election
of aldermen in the first and second
wards of Bisbee on May 19, 1903.
There is important business to attend
to. By order of A. T. SOWLE,
519-21 Chairman of Committee.

GENERAL SUPERINTENDENT OF
FREE DELIVERY REMOVED.

Machen, Widely Known Government
Official, Given a Leave of Absence
from Office by Postmaster General.

Washington, May 8.—The investiga-
tion of affairs in the postoffice depart-
ment took a sensational turn this af-
ternoon, when, by order of Postmaster
General Payne, August W. Machen,
general superintendent of the free deliv-
ery system, and one of the most
widely known government officials in
the United States, was relieved of his
duties, and Postoffice Inspector M. C.
Fosnes was designated to take charge
of that service.

The change will take effect tomor-
row morning, when Fosnes will as-
sume charge of the free delivery ser-
vice, and at the same time the service
will pass under the control of the
fourth assistant postmaster general.

Heretofore it has been under the ju-
risdiction of the first assistant. The
action of Postmaster General Payne
was taken on the written recommenda-
tion of Fourth Assistant Postmaster
General Bristow, who is directing the
investigation of affairs in the depart-
ment, that the transfer of Machen's
bureau to his jurisdiction, and its ad-
ministration by a postoffice inspector,
would expedite the investigation.

In ordering the change, the post-
master general gave Machen "a leave
of absence until the investigation is
concluded."

Machen promptly acquiesced in the
decision of the postmaster general,
taking occasion to say in doing so that
he courted the fullest investigation of
his official conduct.

Machen has been under fire ever
since the investigation began. Charges
of various kinds were preferred
against his administration of the free
delivery branch of the postal service.

Included in the allegations is colli-
sion with letter box manufacturers
furnishing boxes to the postoffice pa-
trons, particularly the rural mail
routes, and appointment of carriers,
etc.

There has also been conflict between
Machen and First Assistant Postmas-
ter General Wynne ever since the lat-
ter assumed charge. Wynne charges
Machen with insubordination.

The strained relations resulted in
an embarrassing state of affairs, and
for several months correspondence be-
tween the general superintendent of
the free delivery service and his im-
mediate superior, the first assistant
postmaster general has been con-
ducted, on the part of the former, through
one of his subordinates.

Ex-Representative Lund, of Califor-
nia, who was chairman of the house
committee on postoffices and post
roads, has spent much of the time for
the past several days in conference
with Postmaster General Payne and
other officials of the department.

Lund and Machen have been at odds
officially for nearly two years, and it is
believed the counsel of Lund have fig-
ured in today's developments.

Machen tonight was not inclined to
talk, but expressed confidence that he
could rebut the allegations made
against him.

JEWS IN FEAR OF LIVES.

Thousands Flee from Kieff, Russia—
Crusade Expected.

Kieff, European Russia, May 8.—
Thousands of poor Jews have fled
from this city because of reports that
an anti-Semitic crusade is imminent.
The richer Jews have left their houses
and have sought refuge in the hotels.
In order to allay the excitement,
troops are patrolling the streets and
the walls are placarded with notifica-
tions that assemblages are prohibited
and that the military will use weapons
unsparingly in case of necessity.

INHALED FATAL FUMES.

Golden, Colo., May 8.—Dr. Robert M.
Hartman, professor of chemistry of
the Colorado School of Mines, died this
afternoon from the effects of breathing
fumes of hydrosulphite in the experi-
ment room, while endeavoring to re-
pair machinery by which the acid was
made. C. Darwig, test instructor in
chemistry, was overcome, but recov-
ered.

STRIKERS REJECT PROPOSAL.

Montreal, May 8.—Two thousand
longshoremen, at a mass meeting to-
night, rejected the proposal to settle
the big dock strike. The solution of
the difficulty hinges upon union recog-
nition, and both sides remain resolute
upon that point.

New Orleans, La., May 8.—"Kid"
Broad defeated Ben Schneider in one
round in a fight tonight before the
Southern Athletic club.
